Please provide a brief biography and description of your background. Include any relevant experience for the position.

I had the honor of serving as your Board President for the first 6 months of the last term. Unfortunately, I had to step down to deal with some health issues. Due to a recent post made on Facebook, I am running to return to the board to ensure our association does not fall under the control of a court appointed custodian.

I have been made aware that at least one sitting board member is engaged in an active campaign against myself and my wife, Chrissy, to include handing out flyers during the recent community garage sale. For that reason, we have created a website to respond to the concerns being raised, provide transparency of concerns I have raised to the board and to enable you to learn about my qualifications to return to a Director position. Please visit our website at:

Please describe your goals in serving as a member of the Board of Directors.

- Perform Board duties in an ethical, transparent and responsible manner with the best interests of the Association front and center.
- Establish policies for Directors and Officers to ensure they are aware of their fiduciary and ethical duties and the consequences of breaching those duties.
- Have a reserve study conducted with the goal of ensuring the Association is properly funded for future expenses.
- Resolve the dead tree and shrub issues in the common areas. It is unfair to send violation notices to members when the common areas have violations.
- Establish methods for members to communicate with and provide input regarding projects or proposed changes to the governing documents.
