Please provide a brief biography and description of your background. Include any relevant experience for the position.

After a long career in education, I retired and my husband and I bought our forever home in Meadowcrest. I have been an active member of this community. I collected signatures and spoke at City Council meetings to block 2 developments that would have directly impacted our area. I also served on the Architecture Compliance Committee (ACC) until the terminal illness of a family member took me away from the position.

Please describe your goals in serving as a member of the Board of Directors.

I chose to run for the board to prevent our association from falling under the control of a 3rd party as well as to serve my neighbors in a fair, ethical and equitable manner. I wish to make the board feel like it is more accessible and less formal to my neighbors. While I am very much someone who believed in following the rules, I would definitely welcome new ideas from the community that could be voted on by the members.
